

## SMALL GROUP DISCUSSION QUESTIONS

**ICE BREAKER (10 min):** First, share your name, the neighborhood where you live. Then answer: do you have a park close to where you live OR do you have a favorite Heights park?

**PLANTS, SAFETY, & ACCESSIBILITY - OH MY! (25 min):** Key areas of action or advocacy interest from survey respondents included native planting or tree planting, improved sense of safety, and ensuring the parks were accessible for those with mobility issues. What are some ways you can imagine Heights residents taking action on any of these topics (or other topics that are of interest to this small group)?

**YOUR PARKS AS GATHERING SPACES (25 min):** What is your vision for most productive use of our parks? Programming? Nature talks? Birding? (etc.). How can residents amplify how much of an asset our parks are for the community?
