

## SMALL GROUP DISCUSSION QUESTIONS

### University Heights Crowdsourced Conversations - Sustainability in UH

**ICE BREAKER:** First, share your name, the neighborhood where you live. Then share in one or two sentences what “sustainability in University Heights” means to you.

**SUSTAINABILITY AT HOME:** 83.7% of survey respondents reported they either “always” or “often” prioritize sustainability practices at home. Does that align with you? What sustainability practices do you already use in your home? What led you to start these practices and how effective have they been? What sustainability practices do you wish you knew more about?

**MOTIVATORS TO GET INVOLVED:** 82.1% of survey respondents reported it was “very important” or “important” that the City of University Heights lead by example on sustainability practices. Does that align with you? In what ways could the City lead by example? How might you, as a resident, get involved to ensure the outcome you desire?
